JDC Skywatch Xplorer 1

£34.99

Following the hugely successful Skywatch line of anemometers, the Xplorer range offer the ultimate in handheld meteorological instruments.

The Xplorer 1 features:

- * Balanced instant windspeed
- * Maximum windspeed

Features common to all 4 models:

- Wind speed units: km/h, m/s, knots, mph, fps
- Maximum reading: 150 km/h, 42 m/s, 81 knots, 97 mph, 138 fps
- Backlight
- Stainless steel back
- Replaceable lithium battery
- Waterproof
- Accuracy according to Swiss standards

Technical specifications:

Size: 41 x 93 x 17 mm

Weight: 51gr

Operational temperatures: -30 to +60 C

Normal battery life: approx 30,000 measurements of 1 minute (auto off) and more than 20 years when off. Intensive use of backlight reduces the battery life (consumption approximately 100 times greater than without backlight).

Weight: 208g
